100 MERIT BASED SCHOLARSHIPS FOR PHD/DBA DEGREES TENABLE AT UNILUS

We are offering 100 competitive, merit-based scholarships to help you finance your research based PhD/DBA degree at the University of Lusaka (UNILUS) over a 3-4 year period. UNILUS has recognized the need to ensure that the outcome of the PhD/DBA research translates into practical applications aimed at not only enhancing service

The Chancellor, Dr. Caleb Fundanga, Congratulating 2018 UNILUS PhD Graduates at the 6th Graduation Ceremony

delivery in both the public and private sectors, but also realising the potential for specialised high-level knowledge that will be instrumental in transforming institutions in health, education, pensions, finance, natural resources and environmental management, for the country's development.

The Scholarships are available towards tuition fees of up to **30% (Thirty Percent)** for PhD/DBA degrees commencing in 2019 and only available to eligible Zambians. All PhD/DBA students under the Scholarship are expected to work with Full-Time Faculty as Tutors and Teaching Assistants when they have the demonstrable skills and knowledge of their research areas. Students will be supervised by a cohort of renowned international and local Scholars and experts.

The University has identified the following research areas:

Innovation, Wealth Creation & Management	Taxation
Natural Resources Management and Wealth Creation	Environmental Management
Investment Portfolio Management	Actuarial Science
Accounting and Finance	Constitutional And Administrative Law
Economics	Public Administration & Policy Management
Insurance Management	Risk Management
